**Subject:** RE: [External]NW Natural, Gasco Beach Signage - revised text for DEQ review  
**Date:** Wednesday, November 22, 2017 9:34:10 AM

---

Good morning Ben.

DEQ has received feedback from EPA and OHA on the wording of the beach sign NW Natural sent on November 13, 2017 e-mail (see below). The group recommends revising the 1<sup>st</sup> sentence of the 2<sup>nd</sup> paragraph, and the last sentence of the sign.

The revised wording of the sign incorporating the changes is as follows:

**Gasco Beach – Closed**

This portion of the shore is part of the Portland Harbor Superfund cleanup. NW Natural is actively working with the DEQ, EPA and other partners to clean up this area.

There are high levels of contamination at this property as a result of past operations. Industrial activities at the property also make it unsafe for public access.

For your safety, please do not enter this area and don't fish from this area.

The consensus of the group is that the sign is made clearer to the general public by making the changes indicated.

No other revisions are proposed.

Feel free to contact me with questions regarding this e-mail, and thank you for the opportunity to provide feedback on the Gasco beach sign.

Have a great holiday.

Dana

**Subject:** FW: [External]NW Natural, Gasco Beach Signage - revised text for DEQ review

Hi Dana,

In response to DEQ's October 26, 2017 letter requesting beach signage for the NW Natural Gasco site, attached please find revised sign text for DEQ review and concurrence. DEQ has requested signage be placed on or before December 15, 2017. Please provide feedback on the revised text as soon as practicable.

Please let us know if you have any questions.

**Subject:** [External]NW Natural, Gasco Beach Signage

Good afternoon Bob.

Attached is DEQ's letter requesting that by December 15, 2017 NW Natural post signs along the Gasco Site shoreline to warn the public about the presence of polycyclic aromatic hydrocarbons (PAHs). DEQ's request follows up on recommendations made by the Oregon Health Authority (OHA).

DEQ appreciates and acknowledges NW Natural's ongoing work at the Gasco Site, including posting the signage.

Please feel free to contact me if you have questions regarding this e-mail or the attachments.

Dana
